

NORTHERN BIRMAN CAT SHOW 2009

Elaine Culf

CLASS 26 AC BIRMAN GRAND PREMIER NEUTER FEMALE

IMP GPC, ATTLEY'S CH & IGR PR SYRALETTE BLUSHING BRIDE, 13c1, SEAL POINT, 15.11.93

It was an absolute pleasure to award this bewitching looking female an Imperial today, to add to her impressive tally!

She simply looks amazing for her fifteen and a half years and I have so enjoyed judging her since she returned to the show bench in 2007. Wonderful Birman type and expressive blue eyes, with the ethereal look that is so special in the breed, albeit she is just beginning to lose depth to the colour now,. She has retained magnificent body size and weight, looks so well proportioned and balanced. Her coat is sensational, palest beige with not a hint of shading, contrasting exquisitely with her deep seal points colour, although her mask is paling slightly now. Sparkling white feet markings, neat and even gloves, socks and gauntlets. As always, she was presented to absolute perfection by her adoring owners, she is an absolute credit to them and to the breed, she looks sensational and she knows it! I had no hesitation in awarding her the Best Neuter in the show later in the afternoon.

1 & GR PR Attley's CH & IGR GR PR SYRALETTE BLUSHING BRIDE 15.11.1993

Seal Point. Approaching her sixteenth birthday, and wonderful for her age. It is hard to beat a really good 'senior' and she well deserved the award. Literally no faults that I could detect, and her eye colour was just as deep blue as one a quarter of her age. Broad head, medium size deep seal ears, net profile dip, seal nose leather, broad muzzle, level bite and good deep chin. Long firm body, strong legs and medium length full bushy tail. Good points match all round. Silky coat shortish at present, but excellent very pale beige in shade, and excellent contrasts. It is so pleasing that the owner has brought her out to be admired, and show what a good Birman can and should, be like.

Audrey Saye

CLASS 91

AC VETERAN NEUTER

1ST ATTLEY'S CH & IGR PR SYRALETTE BLUSHING BRIDE (13C1)FN 15-11-93

Wow!! What more can I say about this girl, she is a wonderful example of a birman even at her age of 15 years. Strong, broad rounded skull. Full rounded cheeks. Medium ears set well apart. Almost round eyes of deep blue, just showing a slight fading of colour on the rim. Medium nose, seal nose leather, correct dip to profile. Full, well developed chin that tapers slightly.

Level bite and all teeth present and correct!

Long, massive body with medium limbs. Short strong paws. Long, silken coat of clear pale beige and golden hue to shoulders and flanks. Full ruff. Beautifully prepared.

Full, bushy medium length tail in correct proportion to her body.

Mask and points colour deep solid seal.

Her gloves are slightly scalloped a little more so on the right. The white on the right glove trickles right to the stop on the reverse. The socks are even and match. The gauntlets are even and match, they taper to a point 2/3 towards the point of hock.
